https://www.aalimec.ac.in/

Projects

Portfolio   March 2024
https://mohammedtawfeeq41.github.io/Portfolio/

Crafted a responsive and visually engaging portfolio website—designed in Figma and developed using modern web technologies—to highlight design and development expertise.

MehnasCollections   September 2024
https://mohammedtawfeeq41.github.io/Mehnas-Collections/

Designed and developed a website for clothing brand to enhance my web design and development skills.

Mymoon Opticals   june 2025
https://www.figma.com/design/wbcSXK3Ka4HdClVyt146bT/Mymoon-Optical-Design?node-id=2469-88&t=ej2qjpiNLD0UBZbg-1

Designed a modern online optical store app—mymoon Opticals—with seamless customer onboarding, digital prescription input, and clear product navigation. Delivered an elegant, intuitive UI for efficient order and invoice management.

MyVaathi App   May 2025
https://www.figma.com/design/C1eUxJcu3P3AWagMlI6kc3/My-Vaathi-App?node-id=0-1&t=SoBRvNGii9HVwSA3-1

Designed the "MyVaathi" app, a tech-focused platform featuring blogs, articles, and curated courses on various technology topics to educate and engage users.

Skills

Designing Tools
Proficient in Figma, Adobe XD, Adobe Photoshop, Illustrator, and Canva for UI/UX design and prototyping. Skilled in creating wireframes, mockups, and high-fidelity prototypes using industry-standard design tools.

UI/UX Skills
Experienced in user research, journey mapping, persona creation, usability testing, and responsive design. Strong understanding of design principles, visual hierarchy, typography, and creating user-centered interfaces.

Web Technologies
Experienced in HTML, CSS, JavaScript, ReactJS, Tailwind CSS, Git and Github
